product certificate Super Mechanic

Description of the

TIPP-OIL Super Mechanic is a particularly creepable universal oil. Due to its low viscosity, the oil can penetrate even the smallest gaps.

TIPP-OIL Super Mechanic is dewaxed and after-treated in the hydrofinishing process. Furthermore it is resin and acid free and therefore offers highest protection and care for the whole system.

Instructions for use

TIPP-OIL Super Mechanic can be used as a universal oil for many applications, e.g. bicycles, sewing machines, household and office machines, locks, tools and any small moving mechanism.

TIPP-OIL Super Mechanic can be used in the temperature range between -15°C and 200°C.

Quality Classification

Specifications are proven in practice and tested in units with filling regulations:

Properties

low sulphur content

resin- and acid-free

good viscosity-temperature behaviour
